Region 9

Dear Ms. Strauss:

Enclosed is a revision to the California State Implementation Plan (SIP), consisting of San Luis Obispo Air Pollution Control District Rule 224, Federal Requirements for New and Modified Major Sources in Nonattainment Areas, listed in Enclosure A. The rule was adopted on January 27, 2016.

Also enclosed is Air Resources Board Executive Order S-16-006 adopting the district's rule as a revision to the SIP. To meet the U.S. Environmental Protection Agency criteria for determining that rule submittals are administratively and technically complete, we have enclosed evaluations of the effects of the rule on emissions, evaluations of the rule's consistency with 40 CFR 51, and other supporting documentation provided to us by the district. One compact disc and one paper copy, each containing the revision in its entirety, are enclosed.

If you have any questions, please have your staff contact Ms. Karen Magliano, Chief, Air Quality Planning and Science Division, at (916) 322-5350 or by email at [Karen.Magliano@arb.ca.gov](mailto:Karen.Magliano@arb.ca.gov).

Sincerely,

  
Richard W. Corey  
Executive Officer
